Dear Sirs and Brothers:

A chain letter like the enclosed has been begun by me, and if the letter gets only 50% co-operation it will yeild about 13million letters to the Senators and Congress men, which will mean the same number of repritns will be asked for of the Senators. e.g: Harley M. Kilgore, W.Va. (1) Ive sent the speech of Hon. H.M. Kilgore, W.Va; liberal strongly opposes vicious anti-labor Act; Congr; Rec. (Sat; June 21st 1947) and the Hon. Wayne Morse, Ore; his remarks of that same day in the Senate (the filibuster on the Taft-Ives Hartley Slave Labor Bill) which they both had reprinted and sent to me, 250 copies each for a total of 500 which I have this day completed mailing together with the enclosed chain letter.

This will be quite an expense on the Senators parts and I would like to suggest that our groups offer to have such reprints made only if and when such requests begin to reach these Senator's Offices in Washington, so they might be prepared to send them to continue this chain letter of Democracy.

It is a hope I am sure, that we all are in hopes of accomplishing, and at the same time put our men on guard for the future complextion of the Congress, and the 1948 elections, electing our friends and defeating our enemies in the Congress, and letting the friends know how we can combat the kept press. Can we do that? This depends on how much we have faith in and act toward <u>outright repeal</u> of the fascist labor bill of Taft-Ives-Hartley of 1947.

I will be glad to hear if you feel as I do in this matter, i.e. about my letter, even in addition to all that is planned along that line, I am,

Fraternally yours,

To My Fellow Workmen, U.S.A.

Dear Sirs, Brothers and Sisters:

Enclosed is what a fighter had to say in our behalf, re-the infamous Taft-Ives-Hartley Labor Bill. Read these comments and be sure to get a copy of the law too. But above all send the Senators for at least five copies as herein contained, below find instructions as to what to do with them.

Will you help make this letter surround the country and back to Washington as a real chain letter of Democracy? If we could only realize what it means we wouldn't break the chain.

Here is what you do. First write the Senator giving him your views, and be sure to thank him for his support. Second, ask for at least five copies as herein enclosed, to send to at least five neighborhood lodges (labor groups). They need not be B.ofL.F.& E., since I may have written most of them, but should be any BLE BRT ORC SUofNA or any AFL or CIO local, asking them to repeat this process by following these instructions and repeating this letter to at least five. Attach blank paper and register on it, so as to prevent duplication, register your lodge number and order, when full send to me, when complete I will forward to the heads of your order, what ever personal comment on the letter you have send to me, if reply is desired send self stamped and addressed envelope. When sheet is full replace and forward fulleone to me. But do take on at least five, more if you will. <u>But above all read and comment on the enclosed part of the Congressional Record</u>.

Not too much to do is it? If this will rid us of the scourge known as the Taft-Ives-Hartley Slave Labor Bill of 1947, its work well done, dont you think? This letter will yeild over 23million letters to Senators and Congressmen in ...hington, asking them to <u>repeal outright</u> this law, and at the first Session of ... Congress. You are expected to write at least four Members of Congress as ... share, two Senators and two Congressmen, the letter should be brief, such ... "We register our desire to have you vote <u>outright repeal</u> of the Taft-Ives-Hartley Slave Labor Law of 1947 at the first Session of the Congress". That means ten letters at least, more if you will. At least five with the reprints of the Record as enclosed, to go to the neighbor lodges, one letter to the ... get them, and four letters as above suggested. Address Senate Office ...Office Bldg; Washington, D.C., but do this at once and be sure to ... the chain so that by the time the Congress does get back they will have ...something to do for us, and at once, and be sure they will if they do it only to get your vote, and do watch how they voted. Be sure to watch your labor periodical for the complextion of the Congress, your vigilance is the price of liberty and freedom, isms have no place with us, we call the Taft-Ives-Hartley Bill fascism. So please dont break the chain, if ever a scheme could bring results, this can, if you will do your part, and urge everyone in your group to write, then its sure to work out as contemplated.

Fraternally & Sincerely yours,

John Kortes, L-R #349

The President
The White House
Washington, D. C.

Dear Mr. President:

We are informed that under date of July 8 President William Green of the American Federation of Labor addressed a communication to you concerning the failure of the Congress to include in the War Department appropriation bill for 1948 the usual clause prohibiting speed up systems and bonus practices. Such a provision has been included in appropriation bills for both the War and Navy Departments for many years and railway labor has consistently joined with other labor groups in urging that these vicious practices and systems be prohibited in the operations of these two departments of our Government.

We join the American Federation of Labor in respectfully asking that an Executive Order be issued which would apply to the War Department and which would forbid the inauguration of any speed up or bonus system such as the highly objectionable Taylor System. We are informed that the Navy Department appropriation bill contains such a prohibition and we believe that the same rule should apply to both Departments.

We are familiar with the contents of the letter sent you on June 6 by Mr. N. P. Alifas of the International Association of Machinists and we fully endorse his statements.

Respectfully yours,

A. E. Lyon

Dear Sir and Brother:

Received your letter dated July 8, 1947 regarding Senator John McClellan. I remember the pledge Senator McClellan made to organized labor in Arkansas when he first ran for the office of senator, and have mentioned it to him on two different occasions at meetings I have had with him here in Little Rock. President Mowery also brought this to his attention at his meeting in Washington, before the vote was taken to over-ride the President's veto.

I am sorry to have to admit I voted for the traitor, but will assure you that everything within my power will be done to defeat our two senators and all our congressmen from Arkansas in their coming election.

We have been campaining against our senators and congressmen ever since the passage of the Case Bill, and our intention is to clean the slate if it is within our power to do so.

I am sorry to have to admit that I do not understand the Taft-Hartley bill, as it is written, and don't believe the sponsors do either. I will appreciate your furnishing me all the information possible from your office.
